

Our New HD+ Channels

Now you can enjoy the programme variety of HD+ channels also via the StadtwerkeConnect TV signal. All you need for that is an HD+ Module which must be plugged into a CI Plus Slot in your TV set or your receiver. You can buy them in many electrical stores or on the Internet. When you read "suitable for satellite appliances" / "für SAT-Anlagen geeignet" on the modules, you can use them without reservations. It also works with your TV signal from Stadtwerke Bochum.

For further information, please have a look, at <http://www.hd-plus.de>
